

23 October 1951

Mr. Carlisle Humelsine
Deputy Under Secretary of State
for Administration
Department of State
Washington, D. C.

Dear Sir:

As a citizen I am moved to write to you to express my admiration for certain stands which I have noticed, in the newspapers, you have taken on matters concerning the Department. While my knowledge of the details of your administration within the Department is scanty such reports as I have received from friends in the Department lead me to believe that you are doing a very good job.

You may recall that earlier this year when I sought a luncheon engagement with you to renew our acquaintance you indicated that such would not be possible until after the Department's budget had been safely conducted through the Congress. Now that that has been accomplished I would like to renew my request that in the near future and at your convenience we might have lunch together. Should you be similarly inclined a call to my office on Code 143, extension 766 made by your very gracious and efficient secretary will be all that is necessary.

Sincerely,

FOIAb3b
